WHAT'S NEW?

The Workshops designed to get back to basics have been proceeding very well, with positive reports being received from those attending. Daily attendance has been 10-12 with mostly the same faces appearing. To date, the program has covered the basic operation of a P.C., organising files and folders and the main basic features of WORD. To follow will be some slightly more advanced aspects of WORD, then on to the internet and e-mailing. Consult the program attached to the May newsletter.

To date, Kevin has been the leader, ably assisted by Wal, Jenny, Clive and Rosemary. After WORD has been dealt with, Kevin would like a spell from leading and the Committee is asking members to assist where possible as leader or assistants in the topics to follow. Even the slightest of experience will make you qualified since it will probably be above the level of the "students" taking part. Besides, the instructor may even learn a thing or two that he/she did not know before: this has in fact happened already.

Further topics will be added at the conclusion of the present batch.

INFONITE

The next *INFONITE* will take place at 7 pm on Tuesday 21 July in the Conference Room. As previously announced, Wal will be demonstrating his "**Look – no hands**" technique whereby he controls his computer by talking at it (my wife does that to me all the time). It is not likely that we will all rush out to buy the software to do this, but it promises to be a fun night that Wal has put a lot of time into preparing. Wal has some other features that will entertain as well.

As usual, supper will be served afterwards. Following the success of the raffle held after the previous *INFONITE*, the Committee has decided to continue with this, mainly to help defray the costs of supper, which have to be paid for somehow. The fairest method is to use the "user pays" principle, but rather than making a direct charge, contributing to a raffle makes it all the more interesting.

So bring along your $2 to buy three tickets for a mystery prize.

ANNUAL GENERAL MEETING

This is a formal announcement that the AGM of the Club will be held at 7 pm on Tuesday 18 August in the Theatre. Notices of motion, duly moved and seconded, should be in the hands of the Secretary by 5 pm on 28 July and nominations for Management Committee on the prescribed form (as below) by 5 pm on 4 August. Additional nomination forms may be obtained if required from the Secretary (House 133).

Members are urged to consider people for nomination to the Committee. Some of the incumbent members are seeking a rest and will not renominate. Nominations are called for all positions; President, Vice-President, Secretary, Treasurer and five (5) Committee members.

The AGM will be followed by an *INFONITE* consisting of selected interesting and spectacular ·mputer generated short features, a raffle will be conducted and supper will be served. Please try to attend.

For now, happy computing
