November 11

## WHAT'S NEW?

We are getting close to the silly season, hence the logo. The Committee is taking its Christmas break and will go into recess over the December/early January period. It will commence operations early in the New Year and will be looking to produce some interesting programs for members, whose ideas on what such programs could be are always sought, especially topics for an *INFONITE*.

The Computer Centre is open for business as usual and Committee members are ready to respond to requests where possible. When the office staff goes on holiday, the Centre will normally be locked, but access can be obtained by contacting President Clive (#240), Secretary Kevin (#133) or Wal (#257), provided they are somewhere about the place. Tutorials will even be available on request.

## INFONITE

There was a good attendance at the October *INFONITE* for Bryan Roebuck's presentation on purchasing on eBay. Bryan went to a lot of trouble and the session was well received. That is not to say that everyone raced home to start purchasing things on the net, but the matter was well presented and we went to supper better informed than we were before. To illustrate the subject, Bryan placed an order for a small photo-loading gizmo for some twenty of the participants, at a princely cost of about \$1.65 with free delivery.

Bryan has kindly undertaken to have a follow-up session where he will demonstrate how to sell those unwanted items on eBay. Watch this space for the time.

The November function will take the form of a break-up for 2011, at 7 pm on Tuesday 22 November. There will be a selection of short features, followed by a super raffle and sumptuous supper. Members are invited to contribute to the short features – just bring along your favourites on a "message stick".

Peter Bennett has accepted an invitation to be present, which will give the Club a chance to express its appreciation and that of individual members. Please note: don't bother Peter with questions - it is not that sort of evening.

It is planned to have the first *INFONITE* for 2012 on 28 February; a newsletter in January will give details.

## YOUR DUES ARE DUE

Annual subscriptions for 2011-12 are now due, \$5.00 payable to Treasurer Jeff (#212). If for any reason you do not intend to renew membership, please inform Jeff asap. Jeff is becoming impatient and would like to finalise things before he has to send out too many of his personal reminders.

*The Committee wishes all members and their families every best wish for the coming festive season. May 2012 bring you everything you could wish for yourself.*

*Happy Computing in 2012*
